## ConserveWell® Utensil Holder Drop-In Models | Export

SPECIFICATION SHEET

### FAST FACTS

**ConserveWell® Drop-In Utensil Holders** are an environmentally friendly method of rinsing and protecting utensils against bacteria growth versus traditional dipper wells; one unit can save over 946,000-Liters of water per year.

### APPLICATIONS

- Replace a traditional dipper well perpetual-flow sink to save water, energy and money
- Drop into a serving station to keep short-handled utensils clean and handy

### DETAILS

- Holds serving utensils above 60° C, keeping them safe against bacteria growth; includes (1) stainless steel inset
- Drops into most existing counter cut-outs for perpetual flow dipper wells
- Ideal for utensils with a handle that will not intensify heat - DO NOT use utensils with liquid or gel-filled handles
- Available with or without timer, which helps ensure timely water changeouts
- Features a cool-touch material for easy handling
- Great for blended ice cream treats (non-gel-filled dishes)
- See the [wall-mount model](#) for additional options

"The ConserveWell® units make sense on two levels; they save money on water and they will reduce maintenance costs because we won't have to deal with clogged drains."

Tim Reilley, Frisch's Big Boy Restaurants
